Re: Prescription Drug Repository Program

As part of our continuing efforts to mitigate the issues of drugs in our area, the Burlington Police Department has initiated a program, initially piloted by the St. Albans City Police earlier this year, to assist Burlington residents with the collection and proper disposal of old, unused or un-disposed of prescription drugs.

Details are included in the attached flyer. Area residents can expect to see posters and flyers throughout the community in the near future.

Anyone with questions or desiring additional information may contact the Burlington Police Department at (802) 540-2107.
